Operators of feed business premises yet to comply with the provision of this regulation should note that they have contravened a valid Nigerian law guiding feed mills and will soon be visited with appropriate penalty. To avoid this, non-compliant operators are advised in their own interest to comply without further delay and submit their premises for registration.

All end users are kindly to note that it is not in their own interest to patronize any feed operator whose feed business premises has not been audited, registered and certified by the Institute. Thank you.
